PARTIALLY: Your thesis is within the acceptable range but not the expected target.

Word count (13,874) falls inside the acceptable range but outside the 15,000–18,000 target; the length is 54 pages. Additional content is recommended to reach the target.

Target: approximately 50 pages and 15,000–18,000 words (acceptable range: 13,500–19,800 words). Appendices and bibliography are excluded from this check.

Placeholder chapters (fewer than 50 words) are shown with a dash and excluded from all totals.
